

Posted: 7/17/18

In accordance with Section 6.26.2 of its tariff, Northern Border Pipeline Company is providing notification of available capacity on its system.

As of this notice Northern Border Pipeline Company is holding an open season with a bid period that will close at 1:00PM CST July 20, 2018. To submit a Bid, Shippers should email the attached Bid Form to sean_mcdonald@transcanada.com.

Bidders are advised that while Northern Border is not obligated to accept Bids at a rate less than the Maximum Rate, for a shorter term than posted, or for a shorter path than the posted path, Northern Border may consider Bids fitting these descriptions. Parties desiring to submit a Bid must satisfy the creditworthiness provisions set forth in Northern Border's tariff. Bids must indicate the Start Date, Termination Date, Reservation Rate, Transportation Path, the Maximum Receipt Quantity (MRQ) in Dth per day and the Minimum Acceptable Prorated MRQ Volume.

The available capacity is identified below by Start Date, Termination Date, Transportation Path, and MRQ in Dth per day.

Method A, as set forth in Subsection 6.26.4 of the Northern Border tariff, will be used to derive the present value of the rate bid in each package offered herein. The present value of the rate for each package will then be multiplied by the respective volume in each package to obtain the aggregate present value of the bidder's bid for each package. The aggregate present value of the bidder's bid for each package will then be summed to get the total aggregate value of the Bid. Northern Border reserves the right to accept any one Bid or combination of Bids that will result in the largest total aggregate present value for the packages offered. Northern Border reserves the right to reject any Bid or request that conflicts with the terms of this open season or its FERC Gas Tariff.

Rate Schedule T-1 Package Number 1

Start Date: 8/1/18

Termination Date: 8/31/18

Transportation Path: Port of Morgan (Receipt) to North Hayden (Delivery)

MRQ: 51,108 Dth per day

Rate Schedule T-1B Package Number 2

Start Date: 8/1/18

Termination Date: 8/31/18

Transportation Path: Kurtz (Receipt) to Port of Morgan (Delivery)

MRQ: 250,000 Dth per day

If any or all the above available capacity remains unsold after this bid period, this posting also serves as notice that such capacity will continue to be awarded on a first-come first-served basis upon receipt of a bid that Northern Border deems acceptable.

Questions concerning this posting may be directed to your marketing representative or:

Sean McDonald (832) 320-5332

Lonnie Lozano (832) 320-5679

Questions concerning creditworthiness may be directed to:

Usman Khan (832) 320-5418

Danielle Carr 832-320-5392
