

Housekeeping - Docket Nos. RP10-385-000 & 001 - Order Dated March 18, 2010

On February 18, 2010, Northern Border Pipeline Company (Northern Border) filed revised tariff sheets reflecting minor housekeeping changes to various rate schedules and to the General Terms and Conditions (GT&C) of its tariff. Northern Border's proposed changes included updating and eliminating outdated sections within the GT&C, deleting references to the version number of the standards by the Wholesale Quadrant of the North American Energy Standards Board, reflecting the necessary changes to comply with Order No. 717, deleting references to the no longer effective Rate Schedule T-IR, and changing the addresses and phone numbers to reflect the relocation to Houston, Texas of certain functions of the operator of Northern Border. Northern Border further proposed to update its Statement of Negotiated Rates to delete terminated agreements and reflected the extension of one agreement. On March 3, 2010, Northern Border submitted Substitute Second Revised Sheet No. 249A to its FERC Gas Tariff, Second Revised Volume No. 1 in Docket No. RP10-385-001, as a supplement to its initial filing to reflect the removal of contested language contained in its original filing. Northern Border requested an effective date of March 22, 2010 for its proposed tariff sheets. In a letter order dated March 18, 2010, the Commission accepted the following tariff sheets to be effective on March 22, 2010.
