Re: Northern Border Pipeline Company
Limited Section 4 Income Tax Rate Reduction Filing
Docket No. RP19-____-000

Dear Ms. Bose:

Pursuant to Section 4 of the Natural Gas Act, 15 U.S.C. § 717c, Section 154.404 of the regulations of the Federal Energy Regulatory Commission (“FERC” or “Commission”), 18 C.F.R. § 154.404 (2018), and the Final Rule issued by the Commission in Docket No. RM18-11-000 on July 18, 2018,¹ Northern Border Pipeline Company (“Northern Border”) submits for filing the tariff sections included as Appendix A-1. This tariff filing is being submitted to reduce Northern Border’s tariff rates to reflect a 2.0 percent rate reduction, as explained in Northern Border’s Form No. 501-G submittal that is being filed contemporaneously herewith. Northern Border respectfully requests that the Commission accept the tariff sections included as Appendix A-1 to become effective February 1, 2019.

Statement of Nature, Reasons and Basis for Proposed Changes

In the Final Rule, the Commission identified four options for each interstate natural gas pipeline in connection with the filing of Form No. 501-G. Option 1 is to file a limited NGA section 4 rate filing to implement a rate reduction as indicated on the pipeline's Form No. 501-G.² As Northern Border stated in the transmittal letter to its Form No. 501-G, it has elected Option 1.

The tariff sheets included as Appendix A-1 hereto reflect a 2.0 percent rate reduction, as discussed in the transmittal letter for Northern Border's Form No. 501-G. While Northern Border's Form No. 501-G reflects a 3.6 percent rate increase, Northern Border is instead proposing to reduce its reservation rates for firm service, and its one-part rates that reflect fixed costs, by 2.0 percent.³ Northern Border notes that it is a pass-through entity, and therefore this limited section 4 filing eliminates Northern Border's income tax allowance and associated accumulated deferred income taxes from its rates and general ledger, consistent with the Form No. 501-G.

Northern Border further notes that its existing rates currently are subject to a reduction to become effective on January 1, 2020, pursuant to the 2017 settlement which was filed in Docket

² *Id.* at P 198.

³ The rate schedules affected by this reduction are: T-1, T-1B, FCS-DP, ICS-DP, IT-1, FTL-1, ITL-1, and PAL. Northern Border also has applied the reduction to rates applicable to settlement Contesting Parties.

No. RP18-234-000 (“2017 Settlement”).⁴ Northern Border is committed to reflecting the 2.0 percent reduction reflected in this filing as an additional reduction to the rates to be effective on January 1, 2020 pursuant to the 2017 Settlement, and will work with stakeholders to document an amendment to the 2017 Settlement to reflect this further reduction.

Motion to Place Tariff Sections into Effect

Northern Border respectfully requests that the proposed tariff sections included as Appendix A-1 be accepted without addition, modification or deletion and become effective on February 1, 2019. Apart from the foregoing, Northern Border reserves its right under Section 154.7(a) to file a motion to place the proposed revised tariff sections into effect at the end of any suspension period ordered by the Commission.

Other Filings Which May Affect this Proceeding

There are no other filings before the Commission that may significantly affect the changes proposed herein.
