Statement of Nature, Reasons, and Basis for Filing

On September 30, 2011, in Docket No. RP11-2639-000, and as amended on October 11, 2011, in Docket No. RP11-2639-001, Northern Border filed for Commission review a non-conforming negotiated rate FTL-1 service agreement Northern Border had entered into with Ameren for service on Northern Border's new Princeton Lateral.⁵ In its October 28 Order, the Commission found that Northern Border's termination notice at section 10.2(c) of Ameren's FTL-1 service agreement was inconsistent with Commission regulations and policy and directed Northern Border to modify the agreement, within 60 days of the date of the order, to provide at least 30 days notice to the Commission prior to termination of the agreement.⁶

To comply with the October 28 Order, Northern Border has amended the termination notice at section 10.2(c) of its FTL-1 service agreement with Ameren to provide 30 days notice to the Commission prior to termination of service under section 10.2 of the agreement. Accordingly, Northern Border is submitting in the instant filing, at Appendix A, substitute tariff record 8.4-Non-Conforming Agreement, Ameren Illinois Company FTL-1 Agreement (#PL001F) to reflect the amendment of Ameren's FTL-1 agreement.

⁵ On November 22, 2010, in Docket No. CP10-468-000, the Commission issued its Order Issuing Certificate approving Northern Border's application to construct the Princeton Lateral, and offer FTL-1 service. *Northern Border Pipeline Company*, 133 ¶ 62,159 (2010).

⁶ October 28 Order at P 7.

Effective Date and Request for Waiver

Northern Border respectfully requests that the Commission approve substitute tariff record 8.4 to be effective November 1, 2011, which is the in-service date of the Princeton Lateral facilities.⁷ Northern Border further requests that the Commission grant any waivers necessary to allow for this effective date.

Other Filings That May Affect This Proceeding

There are no other filings before the Commission that may significantly affect the changes proposed herein.

Contents of Filing

This Service Agreement may continue in effect thereafter or terminate in accordance with Section 5.1.4 of Rate Schedule T-1, if applicable. Service rendered pursuant to this Service Agreement shall automatically be abandoned upon termination of this Service Agreement.

Article 7 - Applicable Law and Submission to Jurisdiction (Continued)

At the Company's request, the Shipper shall irrevocably appoint an agent in Nebraska to receive, for it and on its behalf, service of process in connection with any judicial proceeding in Nebraska relating to this Service Agreement. If said agent ceases to act as a process agent within Nebraska on behalf of Shipper, the Shipper shall appoint a substitute process agent within Nebraska and deliver to the Company a copy of the new agent's acceptance of that appointment within thirty (30) days.

Article 8 - Successors and Assigns

Any Person which shall succeed by purchase, amalgamation, merger or consolidation to the properties, substantially as an entirety, of Shipper or of Company, as the case may be, and which shall assume all obligations under this Service Agreement of Shipper or Company, as the case may be, shall be entitled to the rights, and shall be subject to the obligations, of its predecessor under this Service Agreement. Either party to this Service Agreement may pledge or charge the same under the provisions of any mortgage, deed of trust, indenture, security agreement or similar instrument which it has executed, or assign this Service Agreement to any affiliated Person (which for such purpose shall mean any Person which controls, is under common control with or is controlled by such party). Nothing contained in this Article 8 shall, however, operate to release Shipper from its obligation under this Service Agreement unless Company shall, in its sole discretion, consent in writing to such release. Company shall not release Shipper from its obligations under this Service Agreement unless: (a) such release is effected pursuant to an assignment of obligations by Shipper, and the assumption thereof by the assignee, and the terms of such assignment and assumption render the obligations being assigned and assumed no more conditional and no less absolute than those at the time provided therein; and (b) such release is not likely to have a substantial adverse effect upon Company. Shipper shall, at Company's request, execute such instruments and take such other action as may be desirable to give effect to any such assignment of Company's rights under this Service Agreement or to give effect to

the right of a Person whom the Company has specified pursuant to Section 6.6 of the General Terms and Conditions of Company's Tariff as the Person to whom payment of amounts invoiced by Company shall be made; provided, however, that: (a) Shipper shall not be required to execute any such instruments or take any such other action the effect of which is to modify the respective rights and obligations of either Shipper or Company under this Service Agreement; and (b) Shipper shall be under no obligation at any time to determine the status or amount of any payments which may be due from Company to any Person whom the Company has specified pursuant to said Section 6.6 as the Person to whom payment of amounts invoiced by Company shall be made.

Article 9 - Loss of Governmental Authority, Gas Supply,
Transportation or Market

Without limiting its other responsibilities and obligations under this Service Agreement, the Shipper acknowledges that it is responsible for obtaining and assumes the risk of loss of the following: (1) gas removal permits, (2) export and import licenses, (3) gas supply, (4) markets and (5) transportation upstream and downstream of the Company's pipeline system. Notwithstanding the loss of one of the items enumerated above, Shipper shall continue to be liable for payment to the Company of the transportation charges as provided for in this Service Agreement.

Article 10 - Other Provisions

10.0 Creditworthiness

- (a) During the term of this Service Agreement, Shipper understands and agrees that it will establish and maintain creditworthiness. Company shall evaluate Shipper for the level of service requested based on the following credit criteria:
- 1) current financial reports; whereby Company shall apply consistent evaluation practices in determining the working capital, profitability trends, net worth, cash flow, and overall financial condition,
 - 2) information from credit rating agencies or bank/trade references to determine the manner in which a Shipper's payment obligations are met,
 - 3) prompt payment obligations to Company on a consistent basis as reflected in an on-going business relationship with Company, and

Article 10 - Other Provisions (Continued)

- 4) Shipper shall not be operating under a federal, state or other applicable bankruptcy law or judgment subject to liquidation, reorganization, arrangement, adjustment, composition, or appointment of a receiver, trustee or assignee of the Shipper's property.
- (b) As an alternative, or if Shipper is not deemed creditworthy, creditworthiness may be established by providing and maintaining a Credit Alternative. As used herein, "Credit Alternative" means, (i) a guarantee of Shipper's obligations, for an amount equal to the net present value of the reservation charges under this Service Agreement in the form attached hereto as Exhibit B from an entity deemed creditworthy by Company in accordance with the criteria set forth above ("Guarantor"); or (ii) collateral in the form of an irrevocable standby letter of credit, in substantially the form attached hereto as Exhibit C and issued by a bank or financial institution deemed creditworthy by Company. For the purposes of this Service Agreement, a bank or financial institution providing an irrevocable standby letter of credit pursuant to this Article 10.1(b) shall be deemed creditworthy if it has a long term unsecured credit rating of at least "A-" from Standard and Poor's and "A3" from Moody's; or (iii) other security as is acceptable to Company. Collateral in the form of an irrevocable standby letter of credit, or other security deemed collateral shall be for an amount equal to sixty (60) months of reservation charges under this Service Agreement; provided, however, after the first (1st) month under this Service Agreement, the amount of collateral shall be reduced thereafter (as mutually agreed) to reflect reservation charges paid to date, but in no event reduced to less than three (3) months of reservation charges.
- (c) Shipper shall maintain its creditworthiness for this Service Agreement, either directly or through provision of a Credit Alternative, for the term of this Service Agreement.

If Shipper or Guarantor, as applicable, is not subject to regulation by the Securities and Exchange Commission, Shipper or Guarantor shall notify Company in writing, in accordance with Company's Tariff, within ten (10) days of the details of any material adverse change in its business, properties, conditions (financial or otherwise) or results of operations. Shipper understands and agrees that if, at any time during this Service Agreement, Shipper or Guarantor notifies Company, or if Company determines through its own investigation, that there has been any material adverse change in the business, properties, conditions (financial or otherwise), or results of operations such that Shipper or Guarantor ceases to be creditworthy, or the creditworthiness of the

Shipper or Guarantor is insufficient to fulfill its portion of the Shipper's Credit Alternative requirement, Company shall demand and Shipper shall deliver to Company within 10 days of such demand one of the remaining collateral Credit Alternatives for an amount pursuant to Article 10.1(b)iii above. Company and Shipper agree that the failure of Shipper or Shipper's Guarantor to maintain creditworthiness or supply or maintain a Credit Alternative shall not; (i) relieve Shipper of its other obligations under this Service Agreement; or (ii) prejudice Company's right to seek performance under this Service Agreement. If a Credit Alternative is provided pursuant to Section 10.1 and Shipper or its Guarantor, as applicable, is later determined by Company to be creditworthy and such Credit Alternative is not required, Company shall return to Shipper whatever form of such Credit Alternative it then holds to secure Shipper's obligations hereunder.

- (d) Shipper acknowledges that this Service Agreement is a contract under which Company will extend financial accommodations to Shipper, within the meaning of United States Bankruptcy Code Section 365(e)(2)(B). Shipper likewise acknowledges that in the event that a petition is filed, by or against Shipper, any of its affiliates, or any Guarantor of Shipper's obligations hereunder under any chapter of the United States Bankruptcy Code, and if Company does not terminate this Service Agreement as a result of such filing, Company may consider the bankruptcy filing in determining whether Shipper remains creditworthy, and in determining what, if any, additional financial assurances must be submitted by or for Shipper as a condition to Shipper's creditworthiness under this Service Agreement.
- (e) The creditworthiness requirements of this Section 10.1 shall apply to any assignee pursuant to an assignment (in whole or part) of this Service Agreement and to any permanent release, in whole or part, of this Service Agreement.
- (f) Company may refuse to allow Shipper to permanently release capacity from this Service Agreement if Company has a reasonable basis to conclude that it will not be financially indifferent to the release. If Shipper's request to permanently release capacity is denied by Company, Company shall notify Shipper of such denial and shall include in the notification the reasons for such denial.

10.2 Termination

- (a) Company may terminate this Service Agreement upon written notice to Shipper in the event that:

 - (ii) A petition is filed, under any Chapter of the United States Bankruptcy Code, by or against Shipper, any affiliate of Shipper or any Guarantor of Shipper's obligations hereunder; or
 - (iii) Shipper fails to pay when due any sum for which it is obligated under this Service Agreement.
- (b) In the event of termination under Sections 10.2(a)(i), 10.2(a)(ii) or 10.2(a)(iii), Shipper shall be liable for and shall pay Company an amount equal to the remaining reservation charge obligations under this Service Agreement. Shipper shall not be obligated for the portion of such reservation charges corresponding to the portion of Shipper's capacity contracted for herein that is assumed or contracted for by a new shipper satisfying creditworthiness in accordance with the criteria set forth in Section 10.1(a) above or providing a Credit Alternative as defined above; provided, however, that capacity assumed or contracted for by a new shipper as described herein will not reduce Shipper's obligation to pay an amount equal to such reservation charges to the extent that, after termination of this Service Agreement, capacity in excess of that contracted for in the Service Agreement is available.
- (c) Any termination pursuant to Sections 10.2(a)(i), 10.2(a)(ii) or 10.2(a)(iii) shall be effective upon Shipper's receipt of Company's termination notice. Any termination notice from Company shall be in writing, shall be delivered to Shipper in accordance with Company's Tariff, and shall specify whether termination is pursuant to Section 10.2(a)(i), 10.2(a)(ii) or 10.2(a)(iii). Shipper agrees that the remaining reservation charges shall be due and owing to Company upon Shipper's receipt of Company's termination notice and paid to Company within ten (10) days of such receipt.

Rate Adjustment Provisions: The estimated negotiated reservation rate of \$.0776 per MMBtu/d was developed using an estimated Princeton Project cost of \$18,415,000

(a) Rate Adjustment resulting from the Actual Costs of Construction of the Princeton Project.

Within a period ending six months after the In-Service Date of the Princeton Project, Company shall furnish Shipper a detailed schedule showing (a) the actual costs of constructing the Princeton Project and (b) any change to the estimated negotiated reservation rate. If the actual cost of constructing the Princeton Project is different than the cost upon which the estimated negotiated reservation rate was developed, the rate will be adjusted to be effective on the first day of the calendar month following the submission of the schedule to Shipper. Any increase in the actual cost of the Princeton Project will be reflected as an adjustment to the estimated negotiated reservation rate and will include seventy-five percent of any increase in costs up to thirty percent of any increase in costs above the estimated Princeton Project Cost of \$18,415,000. In no event shall Shipper's total negotiated rate exceed \$.0947 per MMBtu/d. If there is a decrease in costs between the actual and the estimated construction costs, Shipper shall receive the benefit of 75% of any decrease in costs between \$18,415,000 and \$12,890,500 which shall be reflected as an adjustment to the negotiated rate. Cost reductions below \$12,890,500 shall be retained by Company.

At the end of the second year of the Initial Term, and every year thereafter, Shipper will have the right to extend the term for 5 years from the end of the Initial Term. Shipper must notify Company no later than 90 days prior to such election. The rate will be adjusted to reflect the remaining unrecovered revenues under the original term at the date of the extension.

At the end of each calendar year, Company shall provide Shipper with a credit equaling (a) 75% of all interruptible transportation revenue received under Rate Schedule ITL-1 of Company's Tariff solely to provide service on the Princeton Project and (b) 75% of all interruptible revenue received under any other Rate Schedule filed by Company solely to provide service on the Princeton Project. Shipper will not receive credit in the event Company incurs incremental costs associated with providing service under (b) herein.
