Statement of Nature, Reasons, and Basis for Filing

This filing is being submitted to update Northern Border's reporting of negotiated rate transactions initiated in accordance with the Commission's May 16, 2001, order in Docket No. RP01-377-000.³ Within Northern Border's Tariff, Section 4.8 lists each negotiated rate agreement, identifying the: a) shipper; b) agreement number; c) applicable rate schedule; d) contract quantity; e) reservation charge; f) commodity rate; g) primary receipt and delivery points; and h) termination date.

By this filing, Northern Border is proposing to modify Section 4.8 to reflect the addition of two (2) new negotiated rate service agreements with Dakota Gasification under Rate Schedule T-1 ("T-1"). Service under the Dakota Gasification agreements commences on January 1, 2014. Additionally, as a housekeeping measure, Northern Border is deleting one (1) expired negotiated rate service agreement and its associated footnote from Section 4.8.

The negotiated rate service agreements between Northern Border and Dakota Gasification do not contain any provision that deviates in any material respect from Northern Border's T-1 Form of Service Agreement in its Tariff.

³ On May 16, 2001, in Docket No. RP01-377-000, the Commission approved Northern Border's proposal to implement a negotiated rate program for transportation services on its system. See *Northern Border Pipeline Company*, 95 FERC ¶ 61,207 (2001).

Effective Date and Request for Waiver

Northern Border requests that the Commission accept the tariff section attached at Appendix A to become effective on January 1, 2014, and respectfully requests waiver of Section 154.207 of the Commission's regulations⁴ along with any other waivers necessary to allow for this effective date.
